WORK EXPERIENCE

INTERNSHIP | Vault of Codes |

February 24- March 24

- Completed 1-Month Internship on Web Development with Vault of Codes.
- Engineered and optimized responsive web pages using **HTML**, **CSS**, and **JavaScript**, ensuring seamless cross-browser compatibility and enhanced user experience across diverse devices and platforms.

INTERNSHIP | Worriers Way Pantech Solutions |

March 24- June 24

- Completed 3-Month Internship on Web Development with Warriors Way Pantech Solutions.
- Developed and deployed dynamic, **mobile-first web pages** using front-end technologies like **Bootstrap** and **React.js**, ensuring high performance, interactivity, and seamless user experiences across all devices.

PROJECTS

Portfolio Website | [LINK](#)

- Created an optimized portfolio website using HTML, CSS, JavaScript with frameworks like Bootstrap and React JS, achieved 95% mobile responsiveness while decreasing loading times to under three seconds for optimal performance.
- Boosted user engagement and site performance by integrating smooth scrolling, custom hover effects, and animations.

E-Commerce Website | [LINK](#)

- Developed a comprehensive online store using React.js and Redux, incorporating smooth product browsing, advanced filtering, and search functionalities, along with secure user login and cart.
- Designed a mobile-optimized interface with Bootstrap, ensuring flawless performance and seamless usability across multiple screen sizes and devices.

To-Do List App | [LINK](#)

- Built an interactive To-Do List application with task management features like adding, editing, deleting, and marking tasks, leveraging JavaScript for functionality and local storage for preserving data across sessions.

Real-Time Chat Application | [LINK](#)

- Developed a scalable, real-time chat solution using React.js, integrating user authentication, dynamic chat room generation, and a sleek, mobile-responsive interface powered by CSS Flexbox and Material-UI for enhanced user interaction.
-
